

A cartoon illustration of a grey donkey's head and neck. The donkey has large, upright ears and a thick, textured mane. It is looking upwards and to the right with a slightly smug or confident expression. A speech bubble originates from its mouth, containing the text "This is easy, I can't believe no one else has tried it before!". The donkey is wearing a white sign around its neck that says "Google". The background is a light grey oval shape.

This is easy,
I can't believe no
one else has tried
it before!
