

PURPOSELY OFF BALANCE

Now, folks, just to get you acquainted with the actions of Dookinkus, I present here a little drama entitled, "He met us with Gas House Nellie, much to his chagrin."

"Howdy, folks," Dookinkus said. "Mind if I come in?" And he placed his arm about her.

She faintly withdrew, but on the air there came a smack, as lovers oft will do. (Cart. act). Moral - Whatever you do with a bottle and a maiden, don't do it.
