

A blue solar charger with a light blue top section and a darker blue main body. It features a grey LCD display in the center, two black buttons labeled 'setup' and 'select', and two black terminals labeled '+' and '-'. The text 'Solar Charger' is printed in white on the top left, and 'BlueSolar charger MPPT 150V 70A' is printed in white on the bottom left. The letters 'CE' are printed on the right side, appearing twice. There are four silver screws at the corners of the main body.
