

A vibrant, 3D-style illustration of a water splash. The splash is composed of various shades of light blue and white, with a soft, glowing effect. Numerous small, grey, spherical droplets are scattered throughout the splash, giving it a sense of motion and texture. The word "SPLASH" is prominently displayed in the center of the splash, rendered in a bold, blue, dotted font with a slight 3D effect and a dark blue outline. The letters are slightly tilted and appear to be floating within the water.
