

2023

The image features the year '2023' rendered in a stylized, calligraphic font. Each digit is formed by a black snake with a bright yellow underbelly. The snakes are positioned as if they are coiled to create the shape of the numbers. The '2' starts with a snake head on the left, curving down and then up. The '0' is a large loop with a snake head at the top. The '2' is similar to the first one but smaller. The '3' is formed by two snake heads, one at the top and one at the bottom, curving to meet in the middle. The entire graphic is set against a light blue gradient background within a dark blue rounded rectangular border.
